

Another Success for the Hazelton's Flower Show Hazelton Won Ball Game

The Hazelton Flower Show has another year of success to its credit, and those in charge of it this year are particularly well pleased that the annual affair was pulled off without a deficit. Owing to uncontrollable conditions it was not expected that the show would this year meet expenses, but, by holding down expenditures wherever possible, the apparently impossible was achieved.

The show was held in Kitanmax hall and one side and the centre was used for the display of flowers while the other side was used for refreshment tables.

As predicted, the flowers were particularly good. The season was late and many of the bloom shown were the first of the season and as is often the case the first bloom are the best. The secretary reports that the number of entries were this year a little ahead of last year, and another gratifying feature was that quite a number of new exhibitors were found among the prize winners.

The judges were Mrs. Barrigan of Niagara Falls, Mrs. F. M. Dockrill of Telkwa and Mrs. Lloyd of McBride.

In the way of sports there was an excellent program of baseball in its various degrees. First was a game between the old timers of Hazelton and the Hazelton girls. This was a huge bunch of fun. Unfortunately, Hugh MacKay caught a fly in his hat, and the ball got lost in the hat. By the time Sourdough found it the girls had scored several runs and cinched the game.

The next event was a soft ball game between the girls of Hazelton and the girls of Smithers. The visitors won with a not too large a score.

The main event was a baseball game between the Snappy Nines of Smithers and the Hazelton team. From the opening inning the visitors took a lead and kept it easily until the last half of the seventh when the Snappy Nine allowed Hazelton to score five runs. Smithers scored 3 runs in the first nine each in the next two innings, while Hazelton did not get a run until the second when they got two and no more until the fifth when they got one. When they went to bat in seventh, Ward Marshall landed on the first ball that went over the plate and by the time the Snappy Nine fielders knew what it was all about and got the ball into the infield Ward was home, resting nicely. The next three men to bat got on the bases due to overthrows from shortstop and third base, and then Cox got a good wallop at the ball for a two bagger, but all three men on bases got home and Cox went home on a single hit by Benson. That was the end of the scoring. Mike O'Neill took the pitcher's box early in the seventh replacing Giraud. After Mike got warm he held the Hazelton batters down, but it was too late to win the game. After the third inning Smithers did not score a run. The final score was 11 to 5.

In the evening there was a picture show in Hodders hall put on by Steel of Smithers and it drew an over-crowded house. This kept the visitors and the local people occupied until it was time to go to the dance in Kitanmax hall. When the Smithers orchestra played the first waltz the hall was already filled by young people anxious to step on the gas. Before midnight the hall was over-crowded. This was the one event of the day that drew a

bigger crowd than could be accommodated. The surplus from the dance went a long way to keep the show out of debt.

At first it was intended to distribute the flowers among the out-of-town visitors at the dance, but it developed that several people desired the same bunch of flowers so at last it was decided to hold the usual auction but to dispose of the flowers at nominal figures. It resulted in adding a few dollars to the funds and the public seemed better satisfied.

THOSE WHO WON PRIZES

The winners of the prizes in the various classes were as follows:—

Single rose, H. F. Wrinch 1 and 2, Mrs. Chappell.

Three best roses—H. F. Wrinch 1 and 2, Mrs. Sharpe.

Three best carnations—Mrs. Sharpe 1 and 2.

Best single dahlia—Mrs. Redman, Mrs. R. S. Sargent, H. F. Wrinch.

Three best dahlias—Mrs. Sharpe 1 and 2 and 3.

Asters, one color—Mrs. Smith, Mr. Gow, Mrs. Sargent.

Mixed Asters—Mrs. Smith, Mrs. Gow, Mrs. Sargent.

Sweet peas, one color—Mrs. E. Breckenden, Miss Earle, Mrs. Smith.

Sweet peas, mixed—Mrs. Smith, 1 and 2, Mrs. Breckenden.

Gladoll, one variety—Miss Lois Anderson, Mrs. Sharpe, Mrs. Sargent.

Gladoll, mixed—Mrs. Sargent 1 and 2, H. F. Wrinch 2.

Bunch of mixed flowers—Mrs. H. W. Sharpe, A. Irvine, H. F. Wrinch.

Bunch mixed flowers, any kind—Mrs. Breckenden, Mrs. Redman, Mrs. H. W. Sharpe.

Basket sweet peas—Mrs. Chappell, A. Irvine, Mrs. Breckenden.

Basket of gladoll—H. F. Wrinch, Mrs. Sealy, Mrs. Sargent.

Basket dahlias—Mrs. Redman 1 and 2, Mrs. Sargent.

Basket of mixed flowers—H. F. Wrinch, Mrs. Sealy, Mrs. Sargent.

Basket of flowers, any kind—H. F. Wrinch, Mrs. Sargent, Mrs. Sealy.

GREAT CROPS READY TO CUT

August was a Good Friend to the Farmers—Grain, Roots and Vegetables all High Grade

The day of miracles is not yet over by any means. At the end of July one would not have gambled much on there being any better than a half a crop in Northern B. C. this year. But August opened up with a lot of real summer weather and the way the crops leaped ahead was not far short of miraculous. As a result the farmers and gardeners are harvesting one of the best and one of the biggest crops in the history of the north. The only thing that will not be up to standard was timothy hay. The season was too cold in the early part for timothy to grow as it should and when the rain stopped it was too old to make first class feed. But at that there is lots of feed in the district. The grain all came along so fast that one could almost see it grow, and the clovers and alfalfa will make up a lot for the shortage of good timothy.

There not being enough pupils available there will be no high school classes in New Hazelton this year.

Jas. H. McLeod Passed Away Alone in Cabin

James Holden McLeod, aged 72 yrs. was found dead in his cabin on the Nine Mile wagon road about eight o'clock Monday morning by Louis Martinson who has been cutting wood in the neighborhood for some time.

The late Mr. McLeod was watchman for the Silver Standard Mining Co. had been in pretty fair health and able to be around until the time of his demise. A few days ago he paid a visit to the hospital to get medical advice but the doctor said there was nothing apparently wrong with him then. He apparently just slept away on Sunday.

The deceased was a native of the Highlands of Scotland and came out to British Columbia some twenty years ago. At first he was with Foley Welch & Stewart at New Hazelton and later took up some land on Salmon river where he lived for a number of years and where Mrs. McLeod joined him. The life was too hard for the old couple and they moved into Hazelton. Mrs. McLeod passed away after a long illness some years ago and Mr. McLeod has been living alone since. He was appointed watchman at the Silver Standard Mine a few years ago and appeared to be enjoying good health.

He had a kindly and cheerful disposition and he had a good many old friends in the community who regret very much his departure.

The late Mr. McLeod had two sons in the great war and they both stayed in France. No other close relatives are known to be in Canada.

When Martinson found the deceased he immediately reported to the police who investigated and notified Coroner Dr. Agnew of Smithers, who came down that afternoon and after hearing the circumstances decided that an inquest was not necessary.

The funeral will be held this afternoon at four o'clock from the United Church with interment in the Hazelton cemetery. Rev. Mr. Redman will conduct the services.

George Stead Retiring

Vancouver, Aug. 30—After completing forty-two years' service, during which time he has witnessed tremendous strides in the development of the use of the telegraph, George Stead, the superintendent of the British Columbia Division, C. N. R. Telegraphs, retires from the service of the company

No More Training School For Nurses, the Hazelton Hospital in the Future

As a result of strenuous times and a decrease in hospital attendance and a reduced revenue the Hazelton Hospital has been compelled to adopt some important economic measures. Among the most important of these is the discontinuance of the training school for nurses. As a result of a meeting of the board of directors on Monday night at which Rev. Dr. Geo. A. Wilson, member of the board and superintendent of Home Missions in B. C. for the United Church in Canada, was present. The new order will go into effect the first of October and after that date the Hazelton Hospital will have all graduate nurses.

For a long time the nursing profession has been opposed to the smaller hospitals conducting training schools but the local institution held on to it school just as long as financial conditions would warrant, in large part because it was an opportunity for the young ladies in the district to get

at some future time if the attendance at the hospital increases beyond the ability of the seven nurses, extra nurses will be taken on, either temporarily or permanently as deemed advisable.

By the change it has been calculated that the institution will make a saving of some \$2,000 a year, and the patients will have the benefit of all fully qualified nurses.

Another matter of much importance was the adoption of a new constitution which had been prepared by the Board of Home Missions of the United Church for the purpose of bringing all of the hospitals into closer contact with the Mission Board. The new board is enlarged by the addition of several more members who are also members or employees of the Mission Board. A few changes of a more or less minor nature were suggested in the constitution to meet the requirements of the local situation. These will no doubt be adopted by the Mission Board. The new board of directors of the Hazelton Hospital will be constituted the same as before with a good local representation and the business of the hospital will be carried on as before. What ever new features have been adopted will not be observable to the public, but will give the Mission Board in Toronto more detailed information and will bring the two boards into closer contact.

The adoption of the new constitution also made necessary a number of alterations in the by-laws which have been governing the board since 1919. These changes were made and the local board is now operating under the new constitution.

A number of other economies in connection with the outside work chiefly were also adopted and it is felt that within the next few months the hospital will again be looking upon the bright side of the financial problems.

first class training in a first class profession close to their homes and at a minimum of cost. It was not without a great deal of consideration and very careful figuring that the board finally decided to adopt the new system.

Provision has been made through the Nursing Association of British Columbia to have all the young ladies now in training at the Hazelton Hospital sent to the Royal Columbian Hospital at New Westminster where they will take the balance of their training. Those who have a year or less to put in will be graduated as nurses from the Hazelton Hospital. Those who have over a year to put in yet will graduate at the Royal Columbian. The local hospital board will pay the transportation of the young ladies to New Westminster so that they will be put to a little inconvenience as possible.

The nursing staff at the Hazelton Hospital in future will consist of a matron and six graduate nurses, and

at the end of this month. He has not made any future plans, except that "I will be able to enjoy a holiday."

Mr. Stead arrived in Vancouver in 1927 to open the superintendent's office and has remained there since. He first joined the Great North West Telegraph Company in Winnipeg as a messenger boy in 1888 and held that job for two years. In 1891 he was taken onto the permanent staff and has climbed the ladder steadily. It is understood that with the re-

irement of Mr. Stead the Alberta and British Columbia offices will be merged under the jurisdiction of W. J. Rooney, superintendent at Edmonton.

Mr. and Mrs. W. W. Anderson will arrive home this week after spending the last couple of months motoring on Vancouver Island and on the southern mainland. Mr. Anderson's health has benefited considerably by the change and the rest.

The Omineca Herald is \$2.00 a year

About Readers And Writers of Advertisements

ITS A VERY OLD STORY—the story of the man who put in a great daily newspaper an inconspicuous 2-line advertisement as follows:—

Cats Wanted—\$1.00 each, before
9 a.m. 16 Major street.

He put in this advertisement to prove to a doubting friend that the public reads advertisements.

You can imagine the doubter's consternation when he saw next morning a streetful of men, women and children, each with a cat.

Whatever you yourself may do in regard to the reading of advertisements, know this: Everything printed in a newspaper gets read, and there are many who read every line—news matter and advertisements—those with lots of time and curiosity.

The company or firm with something to sell—something which thousands of persons can buy—wouldn't be very wise if it published an inconspicuous advertisement. The right thing for it to do is to crash in on your attention, by publishing an advertisement which everybody is likely to see.

Its job is to make you—a normal man or woman—see its advertisement and to make it so interesting that you'll read it. Then the advertisement must be persuasive. Also it should incite you to take action.

Of course some advertisements—those of local retailers—may quite properly give prominence to prices. Their job is to direct you, rather than to inform or persuade you; and to stir you up to quick action.

The writing, designing and illustrating of advertisements intended to catch attention, intrigue interest, convey information, be convincing, breed desire, for what is advertised, and incite the reader to purchase are highly specialized jobs.

If you want to know just how difficult is the job of writing an advertisement which would get 100 marks from a competent judge try to write one—about a vacuum cleaner, a motor car, a writing ink, a child's shoe, or anything else, limiting yourself to 300 words or less.

This advertisement is sponsored by the Canadian
Weekly Newspaper Association

Advertising rates—\$1.50 per inch per month
reading notices 15c per line first insertion. 10c per
line each subsequent insertion.

The decision of the Hospital Board to discontinue the training school for nurses in connection with the Hazelton Hospital will make a big difference in the social life of the community as the young ladies in training were always available for any social function and they were always willing to take their full share in the work and the entertainment. Of recent year there have been so many of these young ladies that when they depart in a month for the south they will be greatly missed.

They are going to a hospital, however where they will be given as good a training as they were getting here, and in the long run they will be as well off with the added advantage of being where they will get even a wider experience, if not in nursing, at least in life.

According to the guess work report published in Vancouver papers about the only man in Victoria or in British Columbia who is not worrying about the fate of the government, and who is showing every confidence in British Columbia, is Premier Toimie. After all he is the head of the government and the man responsible in the first place. He also happens to be in a position to know things, and because he does not tell more than he knows, as the Vancouver papers would like, he is being attacked right and left. An old saying is, "Everything will come out in the wash." But the Vancouver papers will not be allowed to turn the wringer.

The falacy of the policy of the Canadian National Railways for the past number of years in sacrificing all the rest of British Columbia to build up Vancouver is being demonstrated each day that offices are abolished or merged with another office. British Columbia loses the head men and the prairie gains in importance in the case of a merger. The bulk of the business of the province is done in Vancouver and any man can look after one office and a superintendent is not needed.

Several people in Terrace and the immediate vicinity have been fined for having game in their possession out of season. A person is not allowed to can meat or fowl or birds, and have it in their possession out of season. This also applies to grouse. A person is not supposed to kill so many grouse that they can not eat them all during the open season. Canned grouse is not allowed by the game act.

ARTHUR E. RALPH PASSED AWAY

Chief Tie Inspector on C. N. R. was
Well Known Along the Line

Austin Goodenough, W. S. Henry, F. Dobble, Chas. Monk and a number of other Canadian National Railway men who are connected with the tie department, went to Prince George on Saturday last to attend on Sunday the funeral of the late Arthur E. Ralph, chief tie inspector for the C. N. R., who died at his home on Friday morning last after a long and hard illness. The late Mr. Ralph was 29 years in the tie department, with railways and for the last dozen years his headquarters have been at Prince George. He was well known along the line and well liked. He had a cheerful disposition which made him many friends. He is survived by his widow and two sisters, Mrs. Chas. Mitchell and Mrs. Chas. Wright, both residing in Montreal. He was born in Quebec fifty years ago. The funeral was attended by officers and members of the L. O. L. of which he was a member for many years.

1

Flavor

KELLOGG'S Corn Flakes have a delicious "wonder" flavor discovered by W. K. Kellogg and never successfully imitated by any one else.

2

Freshness

The minute Kellogg's leave the toasting ovens, the flakes are completely sealed in a WAX-TITE bag which is placed inside the red-and-green package and keeps every flake fresh and perfect. It's a patented Kellogg feature!

3

Value

Kellogg's Corn Flakes are among the most economical and convenient of foods. Guaranteed by W. K. Kellogg: "If you do not think them the very best corn flakes you ever tasted, return the empty red-and-green package and we will refund your money." Made by Kellogg in London, Ontario.

TERRACE, B. C.

Terrace Notes

The opening of the hunting season and the weekly half holiday came on the same day this year, and as a result a good many were out with their guns to rid the country of a lot of the wild things that are tame.

Root crops have been making wonderful growth this year. Spuds particularly are better than ever as the wire worms, always bad in dry seasons, did not like this season.

Miss Bessie Moore returned from Hazelton after a visit with friends and her brother. She took in the flower show also.

At the last monthly meeting of the Terrace and District Board of Trade it was decided that at future meetings systematic discussions would be instituted. These discussions would have their basis in a paper given by some one of the members. The September meeting will see the start of this procedure when a paper will be given by G. Beveridge on Finance.

The water levels of the lakes is now lower and the fishing has greatly improved.

The Terrace baseball fans are going to usk on the first of September and on the 5th the usk boys and their supporters are coming to Terrace.

M. Bores of Remo spent Monday Terrace.

Geo. Graham who has been receiving treatment at the Hazelton hospital returned home Friday.

R. Baird, inspector of municipalities paid an official visit to Terrace this week.

Mr. and Mrs. A. Carmichael of U.S. were visitors in town on Monday.

E. S. Cole, fishery warden, is confined to his home at present.

Angus Bruce of Douglas Creek spent the week end in town.

Mr. and Mrs. E. Williams of Knox Hotel, Prince Rupert, came in from Lakelse Lake on Wednesday and proceeded to the coast on Thursday. Mr. Williams, who suffered from a severe illness early in the spring, reports that he is much improved by his stay in the district.

Mrs. R. Barayon of Niagara Falls was in town this week.

Mrs. J. S. Irvin and son of Prince Rupert arrived on Tuesday.

Under the new train service trains will arrive from the east on Tuesdays, Thursdays and Saturdays at 4.42 p.m. and the trains from the west will arrive on Mondays, Wednesdays and on Fridays at 2.15 p.m.

Mrs. C. J. Norrington who has spent some time this summer in Lakelse Valley has returned to Prince Rupert.

Mrs. Colthurst arrived from the south on Monday.

Local blackberries are especially fine this year. The cool, damp season has developed extra large berries. Local growers are now busy gathering the crop and are meeting with fair success in marketing it.

A. V. Hamilton of the public works department was in town Wednesday or last week, leaving Thursday for up river points.

Mrs. J. W. Nicholls of Prince Rupert returned to her home Thursday after holidaying in the district for some weeks.

Reports from Douglas Creek tell of some nice clean-ups being made by the placer miners during the past week. Now the water in the creek has dropped work has got under way and the various outfits are putting in some strenuous licks before winter and the frost closes them out.

Mrs. A. Ross is back in town after spending the summer months at Rosswood.

Paul Armour, manager of the Pacific Salvage Co., returned to the coast on Monday last.

W. Strachan, inspector of fisheries spent some time at Lakelse Lake this week on business.

Mrs. Dr. Mills and son spent a few days at Lakelse Lake with Mr. and Mrs. Parlow.

Here and There

Popularity of Canadian apples abroad has notably increased, and last year apple exports to Europe from Western Canada reached a new high record of 1,174,000 boxes, as compared with 560,000 boxes in 1930. Fruit growers are anticipating an even larger crop this year.

R. Y. Danlaud, formerly Traveling Passenger Agent, Canadian Pacific Railway, Winnipeg, was appointed District Passenger Agent, Algoma District, North Bay, Ont., effective August 16th. Mr. Danlaud has had a long and successful career with the Company, and is now receiving congratulations on his most recent promotion.

Numbers of anglers returning through Ottawa and Montreal report having experienced exceedingly good bass fishing. This was the expression of a group from Cincinnati, Ohio, who recently visited the bass fishing waters of the Gatineau River, north of Maniwaki, according to A. O. Seymour, General Tourist Agent, Canadian Pacific Railway.

This is evidently the peak year with partridge, one would judge from the reports emanating from various parts of the Laurentian and Gatineau districts of Quebec, according to A. O. Seymour, General Tourist Agent, Canadian Pacific Railway. In almost every locality partridge, as the ruffed grouse and Franklin grouse are best known, are very plentiful. Most flocks hatched this year are nearly full grown.

New freight rates on live stock with low minimum weights to meet the competition of motor trucks in the transportation of animals to market have been put into effect by the Canadian Pacific and Canadian National Railways covering movement from stations within a radius of 150 miles of Toronto, and these were effective from August 15. The new rates are being tried out as an experiment, and it is expected they will result in a very substantial increase in the rail movement of cattle, sheep, and hogs.

One of the most interesting passengers arriving in Montreal by the Canadian Pacific SS. Duchess of Richmond on August 13 was "Miss England III", the world's fastest motor-boat. After the international races with Gar Wood's boat at Detroit, Kaye Don will take "Miss England III" to Toronto, where visitors at the Canadian National Exhibition will be able to see an attempt by the powerful vessel to lower her own or any other new world's record. The big speed boat was accompanied in the Duchess of Richmond by R. E. Garner, senior mechanic, and "mate" to Kaye Don during the races.

Two hundred organizations affiliated with the governing body of the Canadian Chamber of Commerce, whose seventh annual convention will be held at Halifax, September 13-15, will send members to a pre- and post-convention sea cruise and land tour with the Clarke Steamship Co., the Dominion Atlantic and the Canadian Pacific Railways scheduled to leave Montreal September 3 and return there September 19. The sea cruise will be on the S.S. New Northland, calling at Charlottetown, Sydney, St. Pierre-Miquelon, St. John's, Newfoundland, and Halifax, prior to the convention, and will cover the Maritime Provinces after it.

Cost of travel to Eastern Quebec, the Lower St. Lawrence and to resorts in the Maritime Provinces has been deflated this summer in a fare revolution that has never been equalled in the history of the railroads of Canada. This reduction works out at about one and one-tenth for the round trip to any one of a score of glorious summer centres on Canada's unsurpassed Atlantic seaboard with proportionately reduced fares to many other destinations in eastern Quebec and the Maritime Provinces which are

Letter to the Editor

Editor Terrace News and Omineca Herald,

Dear Sir—In your issue of August 17 the article about my trial seems to plaster it all over me. Now in all fairness the readers should see the other side of the picture, it might clear up some of the misunderstanding for people not well acquainted with the facts. The new herd law was enforced on August 1 without any forewarning at all giving us no chance to get pasture. But on the 1st of August we watched the cows all day. During supper time they got away as far as the C. N. R. right of way. They never got in town proper. They didn't do no damage nor were there any complaints against them still they took them into the pound.

I was summoned to court on one charge but once there two charges were waiting.

You read about the respect for the law, but what about respect for our right to live. Ever since Terrace existed we had the privilege to let our cow run on free pasture, and that were good times. Is it right or fair to take that privilege away from us in real hard times when we need a cow in the worst way to help us live. The poundage fee is \$2.00 about the value of one week's milking. Lots of weeks a working man has no chance to make that much. We went to jail, in protest for myself and all the other neighbors suffering with me through no fault of their own.

Now you have both sides of the picture. It won't take you long to draw a conclusion.

Respectfully yours,
John Lip

Theo Colthurst entertained a number of friends at the summer home Lakelse on Monday evening in celebration of his 18th birthday.

A. McLeod of the C. N. R. who has spent two weeks at Lakelse returned on Monday and resumed his duties.

Jack Sparkes is improving in health at the camp and was able to come into town Sunday evening.

CANNED GOAT MEAT NOT LEGAL

Two Men in the Terrace District were Before Magistrate Kenney and Found Guilty—Sentence Later

Terrace, Aug. 30—Two well known men of the district appeared before Magistrate Kenney today on a charge of having game in their possession out of season. Cons. McKenney told of having searched the premises of both men and had found goat meat canned at each place. One of the men told the judge that they had been out prospecting and that a wolverine had raided their food cash and they were a long way from home and without food. killed a goat with a rock. The wolverine turned bad and they returned bringing the goat meat with them and rather than have it spoil had canned it. The magistrate found both men guilty and postponed sentencing them for ten days. The court pointed out that the game act only allowed deer meat to be taken by prospectors. Goat meat was not included in the class.

Mrs. Stamvincent and three daughters who have been spending the school holiday at Lakelse Lake returned to their home in Prince Rupert on Sunday.

Mrs. Geo. Little left Saturday for Lake Kathryn where she will be the guest of Mrs. Olof Hanson.

Mr. and Mrs. Frank Glass of Prince Rupert are holidaying with the former's sister at Lakelse Lake.

Misses Kathleen Harvey, and Edna Gilker, R.N., of Prince Rupert hospital staff spent a few days last week at Lakelse Lake.

Capt. and Mrs. Colthurst moved on to their home at Lakelse Lake last week. The Captain has running hot water and cold water and many other modern improvements in his home.

Miss Marjorie Blance who has been a guest of Mrs. E. T. Kenney at Lakelse Lake for the past few weeks, returned home to Rupert Monday.

HAVE NEW PLAYGROUNDS NOV

SUPT. OF MISSIONS HERE

Hope, one of the oldest townships in British Columbia, is to have a new public park. The Provincial Government set aside this week block 15 in the township, as a public park and playground, to be conveyed at once to the village municipality in trust. Hope was the first surveyed site in the Province, and Eureka mine, nearby, was the first recorded precious mineral mine in British Columbia. The announcement was made by Hon. N. S. Lougheed, minister of lands, after the government had acted to deed the new park over to the corporation.

Rev. Dr. George Wilson, D. D., and superintendent of home missions in O. for the United Church, spent several days in the district the end of the week and the first of this week. He accompanied Rev. Mr. Redman home from Prince Rupert where they had been attending Presbytery. Dr. Wilson's visit to Hazelton was chiefly in connection with hospital matters, yet on Sunday he occupied the pulpits in New Hazelton in the morning and in Hazelton in the evening, and gave very interesting talks on the work of the United Church in Canada through its home mission board. There was large congregation present at both services.

Doings Around Home

Of interest to you and your friends

PRIVATE HOME FOR SCHOOL CHILDREN. Terms are moderate. Apply, Miss Beagley, Box 990, Prince Rupert.

W. J. Larkworthy returned Monday morning after a trip to his old home in Stratford, Ont., where he visited his mother for a few weeks.

Mrs. Fred Salt and her son, Freddie, left Monday for Prince Rupert where they will take in the exhibition which opened on Tuesday.

Mrs. C. H. Sawle left Monday for Prince Rupert where she will judge the fancy work and home cooking at the exhibition.

William Benjamin Dornberg, formerly of New Hazelton and Hazelton, and lately of Vancouver and Tulameen passed away at his home in Vancouver recently. He was 56 years of age, and was well known in this district, he having operated the Silver Cup for a number of months.

Mr. and Mrs. Wm. Little and young Bill, of Woodcock motored to Hazelton last Thursday to attend the flower show. It was the first time they had come over the road by car and found the trip not too bad except that they had the misfortune to break a spring which delayed them some hours. They were accompanied by Mrs. Chas Carpenter of Dorreen.

The Snappy Nine of Smithers were in New Hazelton last Sunday afternoon and defeated the local team by a score of 4 to 2. The game was not the best, the boys did not seem to be in the humor to play and many errors in the field were responsible for the visitors getting away with an easy win. The local boys will have to play a different brand of ball if they want to win the big purse on Labor Day.

The Hazelton soft ball girls and the New Hazelton soft ball girls played in New Hazelton Saturday evening in the heavy rain, but what is a rain in their young lives. The girls and the spectators were well soaked when the game was called on account of darkness. It was a tie score, 8 all.

New snow appeared on the mountain peaks last week and the atmosphere in the valley is somewhat cooler also.

Hugh (Sourdough) MacKay of Hazelton, celebrated his 60th birthday on Flower show day. To prove his youth he was one of the leading players on the old timers baseball team.

Mr. and Mrs. John Newick will leave the Old Country on the 2nd of September enroute for their home in Hazelton after having spent the last few weeks with old friends across the sea. They are expected in Hazelton about the 20th to 25th of September as they will spend a few days with friends in the Eastern part of Canada.

Rev. Mr. Woodworth of Edmonton principal in charge of the Indian school under the United Church. He will get a number of Indian children from this section to take back to Edmonton with him.

Verne Hawkin was admitted to the Hazelton Hospital on Monday as a patient suffering from the flu.

Chuck Smith returned Sunday last after spending two or three weeks with his sister, Mrs. Harold Gould at Barrett's.

Mrs. Peter Smith and three daughters returned home last week from a vacation spent with Mr. Smith at Skeena City. The girls say there are lots of bears and other animals, not so dangerous, possibly, but much more unpleasant, around Skeena City. They prefer New Hazelton as a place to be permanently located.

School will open on Tuesday next and the children are expected to be on time the first morning.

Miss Menzies of Kispiox left Monday night for Calgary and Brandon to spend her vacation.

Mrs. Capon and Miss Stokes, mother and aunt of Mrs. Redman, will arrive in Hazelton on Wednesday evening to spend a holiday.

Geo. Hall is a patient in the Hazelton Hospital.

There was a great many folk went up the mountain on Tuesday picking huckleberries. There is a lot of fun as well as some hard work connected with huckleberrying, but the fruit is worth the work.

The Snappy Nine of Smithers reversed the score on Hazelton last Sunday when the Snappy Nine got the Hazelton boys on their own grounds. Not many went up from Hazelton to see the game. The score was 13 to 6 in favor of the Snappy Nine. Hazelton had the best of game up to the fifth inning and then seemed to figure it was a shame to beat the boys from Smithers too bad, so they thought they would ease up, but the Snappy Nine kept on playing ball and when Hazelton wanted to extend themselves and save the loss of the game they were not there on a come back. The Snappy Nine is not a team to monkey with.

If early promise is fulfilled, the Annapolis Valley should this year produce an even larger yield of apples than in 1931 when the total crop was close to a million and three-quarters barrels, is the opinion of leading fruit men of Kentville, N.S. The bloom this year lasted over ten days and attracted visitors by the thousand from Eastern Canada and the United States.

Miss Constance Regan, Middleburg, Va., established a record for women anglers on the Tobique River, New Brunswick, recently, when she took a 27 1/2 lb. Atlantic silver salmon, the largest ever caught with a fly by a woman on that river. The record salmon taken in those waters by a male angler weighed 33 1/2 lbs.

Canadian Pacific standard time is standard time the world over. Prior to 1883, every town and city had its own local time, based on the sun, but in that year the suggestion of Sir Sandford Fleming, chief engineer of the Canadian Pacific Railway, that the world should be divided into 24 sections, one for each hour of the day, and that time within each of these areas should be standard, was adopted all over Canada and the United States. In 1884 the plan was also adopted in Europe after a conference held at Washington.

Gilbert Miller, architect, of Youngstown, O., has a grout against windows and doors in office buildings and summer homes. He found both too narrow to admit a moose head with an antler spread of five feet five inches taken from a monster he shot near St. Jovite last season. "It looks," he wrote to A. O. Seymour, general tourist agent, Canadian Pacific Railway, "as though both the head and myself will end up in the garage." But that is the kind of trophy to be got in the forests of Quebec. Big heads and lots of them. (849)
